

EMS for Outlook®

Overview

The EMS for Outlook® module gives users one-click access to self-service room reservation and resource booking functionality from within a familiar personal scheduling interface.

Ideal for use with “unmanaged” space (i.e. rooms for which no official approval is required), this time-saving integration lets users find available rooms, review their details, reserve them and book any necessary resources (equipment, etc.) all from within Microsoft Outlook®.

The EMS for Outlook® module provides easy one-click access to EMS
