

**EMS Regics™ is powerful, easy-to-use and cost effective software for managing the online registration process for meetings and events as well as for defining and implementing web-based surveys.**

**Build, preview and test registrations and surveys**

Through customizable forms you can guide the process from start to finish

**Integrated payment processing**

Utilize optional functionality to accept online payments

**Cost-effective on-premises pricing**

Benefit from lower total registration/survey costs

**Share event details with social media and online calendars**

Link event/survey information to numerous online platforms

**Secure, flexible and highly customizable**

Brand the system to match the look and feel of your website

**Powerful reporting**

Monitor your events and assessments with a variety of standard reports

**Build, preview and test registrations and surveys**

Craft surveys and registrations that have unlimited questions, as many user-defined sections as you need and all the answer types you'd ever want!

- Drag-and-drop functionality quickly rearranges questions and sections into an ideal process flow
- Create open or "invitation only" registrations and surveys
- A variety of answer types such as check boxes, radio buttons, etc.

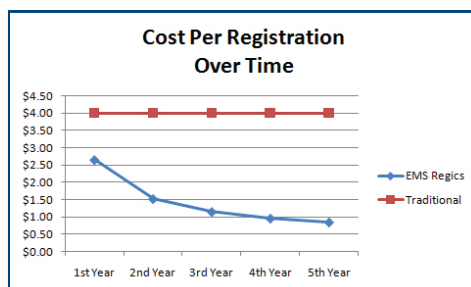

**Integrated payment processing**

Optional integration with various third party hosted payment pages, and the ability to add custom payment methods, means that you can accept event fees in the ways that are most convenient for you and your customers.

**Cost-effective on-premises pricing**

EMS Regics provides registration/survey costs that are among the lowest in the industry and that decrease with each year that the system is used.

Some of the many ways EMS Regics is helping organizations be more efficient and more in sync with their customers:

- Internal training registration
- New customer survey
- Users Conference management
- Annual guest satisfaction survey
- Post-event feedback form

 Share event details with social media and online calendars

- Synch event information with websites such as Facebook®, Twitter®, etc.
- Easily integrate with calendar programs like EMS Master Calendar™, Microsoft Outlook®, Google Calendar®, etc.

 Secure, flexible and highly customizable

Software that conforms to your way of doing things rather than the other way around!

- Font...colors...graphics. Easily brand your registration and survey forms to match your organization's standards
- Create user-defined messages, help text, reminders and more to help ensure increased event attendance and higher survey completion rates
- Copy individual questions or entire registrations/surveys to increase efficiency

 Powerful reporting

The Attendee Snapshot, Event Detail List and Event Snapshot reports provide all the registrant information and statistics you need to effectively manage your events and assessments.

- Easily export data to a CSV file allowing you to manipulate the information any way you like
- Query Builder function gives you the flexibility to construct custom field/data extracts for custom reporting

Event Snapshot					
2012 EMS Users Conference					
Overall Statistics	Total	% of Total	Quantity	% of Quantity	Revenue
Registrations	121	100%			\$96,095.00
Cancellations	0	0%			\$0.00
Status Breakdown	Total	% of Total	Quantity	% of Quantity	Revenue
Pending	5	4%			\$4,175.00
Confirmed	116	96%			\$91,920.00
Cancelled	0	0%			\$0.00
Wait list	0	0%			\$0.00

## Customizable Surveys

Implement web-based surveys  
anytime, anywhere

EMS Software's Survey on Surveys

Personal Information > EMS Survey Questions > Check Out > Confirmation

**EMS Survey Questions**  
In this list of current and proposed features, which are important to you in an event registration/survey system? (please select all that apply)

- Payment processing
- Pre-defined messages sent by selecting participant
- Affordability
- Sections dependent on answers to prior questions
- Branding capabilities
- Having an on-premises solution
- Registration on behalf of multiple other attendees
- Status bar giving percentage of process completion
- Deferred "Go Live" date scheduling capabilities

In addition to the features listed above, what other event registration/survey functionality is important to you?

How many event registrations and/or surveys do you currently generate per year?

**Professional Services**

From system configuration to software training, we have the experience and the resources you can call on to get your project off to a flying start.

***"I just wanted to take a few moments to let you know how phenomenal your support team is. I have worked in the IT industry for over 10 years and have never encountered such a professional support format. They should be the model for all IT organizations."***

Ryan S., Senior Specialist, IT Support

**Annual Service Agreement**

The Annual Service Agreement (ASA) provides toll-free access to our knowledgeable Denver-based Customer Support team, free software updates and new versions of EMS Regics, and a User ID for the EMS Online Support Center.
