

Virtual EMS™' online browsing option* provides real-time access to your meeting and event information via the internet or your organization's intranet.

-  **Conveniently check meeting and event information**
Intuitive customer-facing application
-  **Flexible and highly customizable**
Work in a system that mirrors your business processes and terminology
-  **Reliable, real-time access**
Make facility and event information available 24/7
-  **Seamless communication**
Utilize your resources more effectively

 **Conveniently check meeting and event information**
The customer-facing web application gives your clients - and your staff - the convenience of checking meeting and event information right from their desks.

- Browse and view list of available meetings and events
- Search for a specific activity using keyword searches and other criteria

 **Flexible and highly customizable**
Through comprehensive security settings Virtual EMS conforms to your way of doing things rather than the other way around!

- Choose the amount of event detail displayed online
- Customize the look and feel of Virtual EMS to match your organization's website
- Display or suppress event information based on room, status or event type

 **Reliable, real-time access**
Whether browsing events on your BlackBerry or searching for space via your iPad, Virtual EMS offers real-time access to the latest meeting and event information

- Incorporate numerous criteria (date, event type, etc.) in your search
- Simply click on a calendar item to display booking details charges, etc.

 **Seamless communication**

- Promote your event space to the public
- Show detailed descriptions and images of your events including capacity, setup diagrams, facility features, images and maps

System Requirements

For a complete listing of the current system requirements for Virtual EMS, visit the EMS website (www.dea.com). Select an EMS scheduling product - EMS Lite™, EMS Professional™, EMS Enterprise™, etc. - and click System Requirements.

Professional Services

From system configuration to software training, we have the experience and the resources you can call on to get your project off to a flying start.

Annual Service Agreement

The Annual Service Agreement (ASA) provides toll-free access to our knowledgeable Denver-based Customer Support team, free software updates and new versions of EMS Enterprise, and a User ID for the EMS Online Support Center.

* Functionality for submitting space requests or creating reservations directly from the web is available through the Virtual EMS Request/Reserve module

MORE THAN 4,000 ORGANIZATIONS USE EMS SOFTWARE. FIND OUT WHY: 1.800.440.3994 OR WWW.DEA.COM
